NJ2206 EM6 Bearing 2D drawings and 3D CAD models

## AST NJ2206 EM6 cylindrical roller bearings

Bearing No. NJ2206 EM6

|                                        |                                   |
|----------------------------------------|-----------------------------------|
| Size                                   | 30x62x20 mm                       |
| Bore Diameter                          | 30 mm                             |
| Outer Diameter                         | 62 mm                             |
| Width                                  | 20 mm                             |
| Bearing Type                           | NJ                                |
| Bore Dia (d)                           | 30.0000                           |
| Outer Dia (D)                          | 62.0000                           |
| Width (B)                              | 20.0000                           |
| Radius (min) (rs)                      | 1.000                             |
| Dynamic Load Rating (Cr)               | 48,900                            |
| Static Load Rating (Cor)               | 49,900                            |
| Max Speed (Grease) (X1000 RPM)         | 9                                 |
| Max Speed (Oil) (X1000 RPM)            | 11                                |
| Max. Shaft Shoulder Dia. Inner (Li)    | 37.5                              |
| Min. Housing Shoulder Dia., Outer (Lo) | 55.5                              |
| Weight (g)                             | 295.00                            |
| Precision                              | RBEC 1                            |
| Standard Clearance                     | C0                                |
| Material                               | 52100 Chrome steel, or equivalent |
